WHY PUT UP WITH MORE PAIN THAN YOU HAVE TO?

(Or how a rotten headache works.
And why Excedrin works better than Bayer or regular Tylenol.)

From time to time, you may find yourself really being overworked. Or overtired. Having too many cigarettes. Or too much coffee. Or even missing a meal.

The problem is, all these things and more can sometimes give you a rotten headache.

Biologically, what happens is this: the muscles in your head and neck contract. If they stay contracted too long, you can get real pain and discomfort.

Worse yet, sometimes the blood vessels carrying blood to your brain may also contract. And that can make your nerve endings end up screaming.

To relieve all this, Excedrin gives you something extra. Extra Strength.

Excedrin provides more pain reliever, more total strength than Bayer, Tylenol, or any regular strength tablet, aspirin or non-aspirin.

In fact, a combined analysis of 3 hospital studies indicates Excedrin can relieve pain significantly better than any regular tablet.

Next time you get a rotten headache, why put up with more pain than you have to?

Try Excedrin. The Extra Strength Pain Reliever.[™]

And see for yourself why, for literally millions of people, Extra Strength means Excedrin.

EXTRA STRENGTH MEANS EXCEDRIN[®]

Read and follow label directions
when using Excedrin or any medicine.

This Panasonic stereo has one component your component system doesn't have.

A handle.

AM/FM STEREO CASSETTE RECORDER

The best stereo sound used to come only from components. Until Panasonic put a handle on it. Now great sound carries everywhere with the Panasonic RX-5500 AM/FM stereo cassette recorder, a super portable that packs the features found in many component systems.

Like linear-scale tuning that helps you pinpoint FM stations even on a crowded dial. For even more accuracy, there's a 14-stage LED tuning meter with separate right and left level channel indicators.

The 5500 also has component-like sophistication in the cassette section. Starting with the Dolby® Noise Reduction system. To a three-position tape selector that lets you handle the three most popular types of tape (CrO₂, FeCr and normal). There are two built-in, sensitive condenser microphones for great live recordings. And with mike-mixing you can record along with your radio favorites. While the digital tape counter, Cue and

Review and locking pause control add up to effortless recording and playback.

The 5500's speakers are just as remarkable, with two powerful 6½" woofers and two 1¼" tweeters. And with separate controls for treble and bass, you can tailor the sound to your taste. There's even a variable sound monitor that lets you adjust the volume of the speakers without affecting your headphones. Or vice versa.

And all of this incredibly sophisticated sound travels just about anywhere because it operates on batteries (not included) and on any of the 4 international voltages. Even from your car with an optional adapter (RP-952).

The RX-5500. It's part of the line of Panasonic "Stereos with a Handle." Pick one up.

Supertuner.® Nobody can steal our thunder.

Ever since Pioneer unleashed its Supertuner® technology on car stereo, the competition has tried to catch up. Tried to match our home hi-fi specs. Tried to duplicate our unique, station-grabbing sound.

But the only thing that

muting to blank the noise between stations. Useable FM sensitivity of 1.1 μ V.

Selectivity of 74 dB. A capture ratio of 1.7 dB.

Team it with a set of Pioneer TS-695 3-way speakers, and you've got a Supersystem that works audible wonders with tape and FM.

Your Pioneer dealer can give it to you at a very reasonable price.

---	-------------------	-----------------------

Late registration fees are assessed beginning on the first day of classes or the first scheduled late registration thereafter.

All appropriate calendar deadlines are the same for off-campus academic credit courses as for on-campus courses. See "MSU Summer Calendar." However, off-campus instructors at Jackson should turn in grades to Mr. McAlphin on the Friday before grades are due in the Records Office.

Times, dates, and locations of other off-campus registrations are to be announced.

** Students may register for courses offered during the first, extended, nine-week and second summer terms. Students who have not previously enrolled for the second summer term may do so at the second summer term registration.*

*** Students desiring to register late for the second summer term at Jackson should contact the Memphis State office at Jackson State Community College.*

ADMISSIONS PROCEDURES

New students planning to enroll for any credit course or on an audit basis must be formally admitted to the University. Admission to the University must be fully cleared before any registration is authorized. Any student who meets admission or readmission requirements after May 1, 1980, cannot be assured of registration before the first day of classes. Any non-Tennessean who resides more than 150 miles from the University must file an application for admission or readmission prior to May 1, 1980. Anyone failing to do so cannot be assured of being considered for admission.

New Applicants

Applications for admission, detailed instructions concerning admission procedures, and regulations for all student levels may be obtained in the Admissions Office, Room 215, Administration Building. After 4:30 p.m. and on Saturday mornings, these may be obtained in Room 165, Administration Building, or by telephoning 454-2398.

Former Students

A former student is defined as a student who (1) has previously been enrolled at Memphis State but (2) was not enrolled during the previous semester. Undergraduate or graduate former students desiring to be readmitted may obtain an application for readmission from the Office, Room 163, Administration Building. Former undergraduate students entering Graduate School are not "former students" for readmission purposes. They are new graduate students who must be properly admitted to graduate school as new students.

Graduate students who have not attended Memphis State in the past 5 years or longer must apply for readmission at least 3 days prior to Graduate Registration in order to complete registration on time.

Transferring Credit to MSU

In order for completed additional course work to be transferred from another university and recorded on the student's permanent record, the student must request that an evaluation of the additional course work be completed by the Transfer Affairs section of the Admissions Office. After the student has been admitted as a regular undergraduate, whether he is a beginning freshman or a transfer student, it is recommended that he consult with his adviser or the Transfer Affairs section of the Admissions Office if he anticipates enrolling at another college or university for the purpose of transferring credit to Memphis State University.

Residency Classification

All determinations concerning classification of in-state and out-of-state students for fee-paying and other purposes are made in the Office of Admissions. The determinations are based on the regulations and guidelines of the State Board of Regents. Copies of the guidelines and regulations used in the classification of students for fee-paying purposes are available in the office of the Admissions Adviser for Residency.

Persons Over 60 Years of Age and Totally Disabled Persons

Persons suffering from a permanent disability which totally incapacitates such person from working at an occupation which brings him an income, and persons sixty (60) years of age or older, who are domiciled in Tennessee, may AUDIT courses at Memphis State without paying tuition charges, maintenance fees, student activity fees, or registration fees. Admission to AUDIT will be limited on an individual classroom basis according to space availability.

Any person who is totally disabled, and persons sixty-five (65) years of age or older, who are domiciled in Tennessee, may enroll for courses for credit at the cost of \$9 per semester hour, not to exceed \$75 per semester. The University Health Services shall examine certification of permanent disability (not the applicant) and determine the eligibility of the applicant under this legislation.

Inquiries concerning these programs may be addressed to the Records Office, Administration Building, Room 115, or telephone 454-2671.

REGISTRATION PROCEDURES

Registration dates for the five summer terms of the Summer Session 1980 are found in the MSU Summer Calendar. Specific details of these registrations are as follows:

Pre-Summer Session: Registration for this term only is on May 12. Students should report to the Field House for registration at the time they are assigned. Students are assigned registration times by student classification and should refer to the information card included in the packet of registration materials for these times. Registration material is mailed prior to the Pre-Summer Session registration and may be used for this term or any subsequent one. Although the "Registration Appointment Card" should be processed during registration, the time on this card should be ignored for Pre-Summer Session registration. Additional registration material is mailed to those who register for Pre-Summer Session courses so that subsequent registration may be possible.

First Summer and Extended Terms: Students must register on June 3 or 4 for courses offered during the First and Extended Terms. Students may also register on these dates for courses offered during the Second Summer and Nine Week Terms. The time on the "Registration Appointment Card" must be used for this registration. The specific dates for adding and dropping courses are in the MSU Summer Calendar.

Nine Week Summer Term: Students who have not registered previously for this term may do so during the Late Registration period of June 5 and 6. They should follow the instructions for late registrants found elsewhere in this Schedule. Students who complete their registration for the Nine Week Summer Term only on these two days will not be assessed a Late Fee.

Second Summer Term: Students who have not previously enrolled for Second Term courses may do so on July 14. Students are also permitted on this date to add and drop Second Term courses for which they have previously enrolled. A special "Add/Drop Appointment Card" is sent prior to the Second Term Registration to all students who have previously registered for courses.

NOTE: Students registered for the First Term do not register for the Second Term. They add courses with a "Change of Course" application.

IMPORTANT:

1. Read carefully all instructions found in your registration materials.
2. Registration on June 3 or 4 will insure class space in the course being taught in the Second and Nine Week Summer Terms.
3. Students registered for the First Term, Extended Term, or the Nine Week Term do not register again for the Second Term. They add courses with a "Change of Course" application.

Students who do not register on June 3 or 4, but who wish to register for Second Summer Term courses must report at the times indicated on the card accompanying the registration materials.

A \$5 add/drop charge is not charged on course changes processed on July 14. The charge will apply to adds/drops processed at any other time during the scheduled add/drop period. Students who fail to register during the regular registration periods may do so during the late registration periods. A charge of \$10 late registration fee is made.

(1) CONSULTING WITH ACADEMIC ADVISER

Current Students

Current Memphis State University students are encouraged to see their academic advisers well in advance of registration, preferably during the preceding term when ample time can be given for general academic advising including assistance in selection of courses for the ensuing term. This is not always possible for new and returning students and for some current students. However, all students are required to have a class schedule with an adviser's signature prior to entering the registration center.

To find where an adviser will be located for assistance in class scheduling, go to the Adviser Locator Station in the Packet Center located in the Old Cafeteria of Jones Hall, when it is open, and in the Late Registration Center, also in the Old Cafeteria of Jones Hall, during the late registration period. Please consult the registration calendar for dates and times these Centers will be open.

During scheduled evening hours of late registration, advising is available in the Late Registration Center. During the day (8:30 am-4:00 pm) academic advising occurs in the academic department or in the Academic Advising Unit in Scates Hall. Faculty advisers are generally available except when they are teaching. Assistance in locating an adviser can be obtained in the Office of the Department Chairman or in the Late Registration Center.

New and Readmitted Students (Undergraduate)

Freshmen and transfer students registering for the first time should attend a new student orientation session at which information concerning the registration and advising process will be given. (See Registration calendar for date and time.) All new freshmen students and transfer students without an academic major will be assigned to the Academic Counseling Unit, located in Scates Hall, and should go to the unit immediately after admission to the University to request the assignment of an advisor. This should be done prior to the new student orientation session. Students who have not seen an adviser will be assigned one during the orientation session.

Students who have been readmitted and have selected a major should contact the department of their major for the assignment of an adviser. Readmitted students without a declared major should go to the Academic Counseling Unit. This should be done in advance of the first day of registration.

New and Readmitted Students (Graduate)

New Graduate School students are directed to an adviser following their admission. Students who are classified as Graduate Special or Graduate Provisional, should go to the Graduate School Office, Room AD 315, for an adviser. An orientation session for new graduate students is held on the morning of graduate registration.

Readmitted graduate students having a major should contact the department of their major for the assignment of an adviser. Readmitted graduate students not having a major should contact the Graduate School Office for an adviser.

New and Readmitted Students (Evening)

New and readmitted evening students should secure required information about registration and advising in the Evening Academic Service Office, Room AD 165, telephone 454-2398. Graduate students attending in the evening should follow the procedures outlined under "New and Readmitted Students (Graduate)" above.

Unclassified, Special Undergraduate, and Audit Students

Undergraduate students who are unclassified, special undergraduate, or audit go to the Academic Counseling Unit, Scates Hall. Evening students in these categories go to the Evening Academic Services Office, Room 165, Administration Building for advising assistance.

(2) OBTAINING REGISTRATION MATERIALS

The registration packet consists of four basic materials: (1) "Student Information Form," (2) "Registration Appointment Card," (3) "Registration Receipt," and (4) a permanent ID card.

Current Students

Registration materials are mailed to the permanent address of all students currently enrolled, with the exception of those students having outstanding financial obligations at the time registration materials are prepared, those suspended for academic reasons, those who are on academic probation, and those who have holds placed on their packets by a University office. When a hold is released, the student is given a release card which tells where and when to secure his packet.

New and Readmitted Students

New and readmitted students who have cleared all admission requirements at the time registration materials are prepared, receive their materials by mail. Students not clearing in time to receive their materials by mail are given a chance to obtain materials before the actual day of registration and receive instructions on how to accomplish this.

(3) SECURING CLASS CARDS

Students having their "Student Schedule," permanent ID card, and registration materials, are prepared to enter the Registration Center to obtain class cards and to pay fees.

Registration appointment times — Enter the Registration Center on the date and time printed in the upper right hand corner of the "Registration Appointment Card." Registration priority is based on cumulative hours earned. The student may enter at any later day time after his day appointment time or at any later night time after his night appointment time.

REGISTRATION PRIORITY

Since all students cannot register at the same time, it is necessary to establish priorities in the assignment of registration times. Registration priority and the registration appointment times appearing on registration materials are based on the number of cumulative hours earned.

Registration materials must be prepared before the end of the term that immediately precedes registration. Appointment times do not reflect hours earned during the current term. For example, registration times for the spring semester are not affected by hours earned during the fall semester.

Registration priority and associated registration appointment times cannot be based on the need to work because such a large number of students do work. No practical or equitable way exists to administer a priority system on the criterion of a student having to work.

Unclassified students will be awarded registration appointment times on the basis of hours earned at Memphis State University only.

Seniors not holding an undergraduate degree who are taking degree credit courses have priority over special undergraduate students (those who hold degrees) when enrolling for undergraduate credit courses.

Special Courses

Credit/No-Credit Courses — Certain students, with permission from the dean of their college, may elect to take some courses on a credit-no-credit basis. Details are found in the undergraduate *Bulletin*.

Procedures for registering are as follows: (1) Obtain permit form from academic advisor, complete information on the form, and secure advisor's signature; (2) Get permission of the dean of their college; (3) Go to the office of the chairman of the department in which the course is taught and secure his approval; (4) Obtain "Class Card Request" form; (5) Take completed permit form and "Class Card Request" to the Registration Center at the appointed registration time.

Audit Courses — The student must: (1) Obtain academic advisor's approval; (2) Go to the department in which the course is taught and pick up the "Class Card Request" form; (3) Take the "Class Card Request" to the Registration Center at the appointed registration time. Fees for audit courses are the same as for credit courses. Further details on audit courses are found in the undergraduate *Bulletin*.

Late Registration

Students registering during the day at the Late Registration Center must go to departments to obtain class cards. Cards are at the Center during evening late registration hours.

ID CARD

ALL STUDENTS MUST OBTAIN A PERMANENT MEMPHIS STATE UNIVERSITY ID CARD BEFORE THEY WILL BE ALLOWED TO REGISTER. THIS INCLUDES PART-TIME STUDENTS, EVENING STUDENTS, UNCLASSIFIED STUDENTS, ETC.

The University issues to each student an identification card which bears his photograph, social security number, and certification that he is enrolled as a student in the University. New students will be given information concerning ID cards in their information sessions. The card is required for registration, the borrowing of library books, and other purposes. The card remains the property of the University and will be surrendered upon the request of a University official.

A current student who has lost his or her card may obtain a replacement from the Dean of Students Office, Room 208 Scates Hall. A student will be charged \$10.00 to replace a card that has been damaged, stolen, or lost. A charge of \$2.00 will be made to make any change in data on a card. Students unable to obtain an ID card at an off-campus or special registration must go to the Records Office to have one made.

Part-time students who are enrolled for at least six semester hours of credit courses will be given full-time ID card validation. ID card validation of full-time is for student activity purposes and does not necessarily constitute a full-time academic load.

For information concerning the number of hours required for a full-time academic load, consult the Memphis State University Bulletin.

A credit hour load equal to one-half of that for the minimum full-time credit hour load qualifies as half-time academic load.

COURSE NUMBER SYSTEM

Courses are numbered according to the following system:

1000-1999	Courses primarily for freshmen
2000-2999	Courses primarily for sophomores
3000-3999	Courses primarily for juniors
4000-4999	Courses primarily for seniors
5000-5999	Courses offered in the Graduate School open to seniors within 36 semester hours of graduation
6000-9000	Courses open ONLY to those students fully admitted to the Graduate School

Handicapped Student Registration

A preferred registration procedure is provided for some disabled students to allow them reasonable opportunity to schedule around special disability-related needs and to eliminate the architectural inaccessibility of the regular registration process. Those eligible for this service include students with mobility impairments, their personal care attendants and others who need special scheduling to accommodate medical or educational needs arising from a disability.

Handicapped Student Registration is begun prior to regular registration. Students using this procedure should see their adviser, complete the "Student Schedule" form in full and take it to the Coordinator of Handicapped Student Services well in advance of the beginning of regular registration. A duplicate of the schedule will be made, and the class cards will be pulled for the students prior to regular registration. Each student's class cards will be placed in an envelope marked with his name. These envelopes will be held in the late registration center.

The student may pick up the reserved class cards and complete the remaining registration procedures anytime during Late Registration. Students who have cards reserved in this manner will not be charged a late registration fee.

For further information and specific details please contact Coordinator of Handicapped Student Services, Room 215, Scates Hall or call 454-2880.

(4) PAYING FEES

Students should not enter the Registration Center unless they are prepared to pay fees. Registration is not completed until fees are paid. Students receiving VA assistance are expected to pay fees in full. Students holding scholarships, student aid, or billing authorizations for this term should stop at the "Scholarship and Authorized Billings" station in the Fee Payment Center. Students will not have their names placed on the class rolls until after all fees are paid.

Students may not register until all outstanding financial obligations have been cleared.

Returned Checks

It is expected that a check given the University, for any reason, will clear the bank on which it is drawn. A \$5.00 service charge will be assessed for each returned check whether given in payment of any fee or cashed by the University for the convenience of the student. Check cashing privileges will be revoked for any student who has had checks returned by his bank more than once within a twelve-month period.

FEES AND DEPOSITS

Application Fee

Each student submitting an application for admission to the University must pay, at the time he submits his first application, a one-time non-refundable fee of \$5.00.

Maintenance Fee

All students, whether resident or non-resident, pay a maintenance fee. Students paying the fee for six or more hours are entitled to admission to home athletic events and certain health services, concerts, plays, social and other student-sponsored activities, and a subscription to the student newspaper, *The Helmsman*.

Summary of Course Fees

These fees are tentative and are subject to the approval of the State Board of Regents.

Undergraduate Per Hour	\$ 22
Graduate Per Hour	25
* Out-of-State Per Hour	42

* This fee is in addition to the hourly fees listed above.

Fees for audits will be assessed on the same basis as fees for credit courses. Courses offered between terms, for concentrated periods during a term, or at specific locations, may be subject to fees on a per-hour basis only.

Activity Fee

All students enrolled for one credit hour or more will pay a \$1.00 Student Activity Fee. The amount is \$1.00 regardless of the total number of hours for which the student is enrolled.

Tuition

Students classified as non-residents are charged an additional \$42.00 per semester hour. (Note that tuition is in addition to the maintenance fee. See Summary of Course Fees above.)

The Office of Admissions and Records is charged with the responsibility of assigning a residency classification to each student using regulations provided by the Board of Regents. The student may appeal the decision to the Committee on Residency. Residency regulations of the Board of Regents and information on appeals procedures are available in the Office of Admissions and Records.

University College Fees

In addition to their \$5.00 application fee, students who apply to the University College must pay a screening fee of \$15.00, which is non-refundable. If accepted into the University College, the student must pay a non-refundable contract-advising fee of \$25.00.

Students who apply for credit for experiential learning will pay \$15.00 per credit hour granted after evaluation of their learning and assignment of credit. For those students who are enrolled under a group contract, no more than a maximum fee of \$90.00 will be assessed for credits assigned under the terms of the group contract.

Courses in Applied Music

The fee of applied music shall be \$25.00 per semester for each one-half hour lesson.

Music Locker Deposit

Music students are required to have a locker for storage of University-owned musical instruments or equipment. Personal instruments may also be stored in lockers. A deposit of \$3.00 for one semester or \$4.00 for two semesters is required on each locker issued. This deposit, less a service charge of \$1.50 per semester, will be refunded upon return of the lock. Students will be expected to pay for any damages.

Automobile Registration

Each person who expects to operate and park any motor vehicle on the campus must pay \$5.00 for an official permit, valid from September through August, and register the vehicle in the Security Office (Room 151, Administration Building). A reduced fee of \$4.00 is charged for vehicle registrations after January 1, and \$2.00 after May 1. Proof of ownership must be presented when registering the vehicle. Residence hall occupants should ask for a special resident decal when registering their automobiles.

Air Force ROTC Deposit

A uniform deposit of \$10.00 and a \$5.00 activity fee are required of each student who enrolls in the Air Force ROTC program. The uniform deposit, less charges for uniform loss or damage, will be refunded at the end of the academic year or at the beginning of a semester in which the student is not enrolled in the ROTC program.

Laboratory Deposits

Certain courses in chemistry require breakage deposits from \$10.00 to \$20.00 per semester, depending upon the course. Any unused portion of these deposits will be refunded.

Physical Education Locker and Towel Fee

Students enrolled in physical education courses must pay a fee of \$4.00 for the locker and towel issued them. Students must provide their own lock.

Late Registration

Students who do not complete registration (including the payment of fees) during the official registration period will be charged \$10.00 for any late registration following the official registration period.

Adding and Dropping Courses

A fee of \$5.00 will be charged for each change of course form processed, regardless of the number of course or section changes included on the form.

Transcripts

There is no fee for transcripts. However, the student will be charged \$1.00 for each official transcript over the maximum of five (5) per request. Transcripts are issued only at the request of the student in person or by letter. No transcript will be provided for a student who has any unfulfilled obligation to the University.

Diploma Fee

Each candidate for a degree from Memphis State University pays a \$20.00 fee to cover cost of the diploma, rental of cap and gown, and incidentals connected with the commencement exercises. This fee must be paid thirty days before graduation.

The listing of these fees in this publication does not constitute a contract between the University and the student. As a condition of registration, each student will pay the fees in effect at the time he or she registers. Fees are subject to change without notice. Persons over 60 years of age and totally disabled persons should refer to the sections of this publication covering their registrations.

REFUND OF FEES

General: The University provides a 75% refund of enrollment fees beginning at the moment of registration and extending through the periods shown below. There is no refund after expiration of the 75% period. The *Schedule of Classes* for each term contains a term calendar which will list the specific date on which the refund period expires. Note that the refund period ends **earlier** than the final deadline for dropping a course or withdrawal.

The University refund policy is based entirely upon the official date of the withdrawal or change of course which would result in a refund. Refunds beyond the specified date or percentage cannot be made for reasons such as employment conflicts, health or medical problems, moving out of town, or other reasons which are beyond the University's control or responsibility.

There is no refund after the 75% period ends. A full (100%) refund of fees will be made for courses cancelled by the University.

Refunds will be processed beginning approximately two and one-half weeks after classes begin and usually should be completed four weeks after classes begin.

Fall and Spring Semesters: If a student withdraws from the University within fourteen calendar days from the beginning of classes for the fall and spring terms, a refund will be made of 75% of his maintenance fee, out-of-state tuition, and music fee (if any) and 100% of the student activity fee. The same refund schedule applies to students who drop to an hourly load below full-time; the applicable percentage then applies to the difference between the new fees calculated on an hourly basis and actual fees paid. There is no refund after the 14th calendar day. A 100% refund will be made for courses cancelled by the University. All other fees are non-refundable.

Summer: Students are requested to register for all four terms of the Summer Session at the beginning of the first term, if possible. If a student withdraws from the University within four days (excluding Saturday and Sunday) from the beginning of classes for the first term, a refund is made of 75% of the maintenance fee and tuition or music fee (if any) applicable to first term classes. If a student withdraws from second term classes any time before second term classes begin, a full refund of maintenance fee and tuition or music fee (if any) applicable to the second term will be made. This refund will be reduced to 75% if the student withdraws within four days (excluding Saturday and Sunday) from beginning of classes for the second term.

Withdrawals or drops from extended term courses will be refunded on the basis of 75% during the first seven days (excluding Saturday and Sunday) instead of four, as in the first and second summer terms. Withdrawal or drops from nine week term courses will be refunded on the basis of 75% during the first six days (excluding Saturday and Sunday). Withdrawals or drops from the Pre-Summer session courses will be refunded on the basis of 75% during the first two days of classes.

A full (100%) refund of fees will be made for courses cancelled by the University.

The University refund policy is based entirely upon the official date of the withdrawal or change of course which would result in a refund. Refunds beyond the specified date cannot be made for reasons such as employment conflicts, health or medical problems, or moving out of town.

Appeal Procedures for Fees and Refunds

A student may appeal the assessment, application, calculation or interpretation of any University fee, charge, deposit, or refund, or any University action connected with fees and charges. Questions should generally be discussed with personnel in the Bursar's Office. If a student is not satisfied with the resolution made by the Bursar's Office, a written appeal, on forms available in the Bursar's Office, can be made to the Director of Finance; his determination may be appealed to the Vice President for Business and Finance; and his determination may be appealed to the President of the University. Traffic fines are subject to a separate appeal procedure.

Credit by Examination or Placement Examination

The fee for taking an examination for credit is \$15.00 minimum and an additional \$5.00 for each credit hour over three; this fee must be paid prior to the examination. The same fee must be paid when an application for credit is made under the Credit by Placement Examination policy.

(5) CHANGING ENROLLMENT STATUS

Change of Course

After a student's registration is complete, he may change his class schedule by adding and/or dropping courses. APPLICATION FOR PERMISSION TO ADD OR DROP COURSES BEGINS WITH THE ACADEMIC ADVISER. Time limits for add/drop are outlined in the semester calendar. A fee will be charged for each change of course application before it is processed. There is no charge for a change made as a result of the University cancelling a course.

Permission to add or drop a course after the deadlines shown in the calendar must be approved by the appropriate college dean.

Students who wish to discontinue attending and who are enrolled in one course only must withdraw, not drop the course.

Schedule conflicts — Each student is responsible for preventing conflicts in the scheduling of his classes. Students should check each class card which they are issued to insure that the course number, section, time and credit agree with what they requested. Students will be assessed a "change-of-course" fee if it is necessary to make changes because of a scheduling conflict or because of having the wrong class card. Students should be careful to check the schedule for course offerings that might have been changed. Up-to-date information may be obtained during registration.

The University does not guarantee that the instructor listed in the Schedule of Classes will be the one to teach the course, and no fees will be waived accordingly.

University policy prohibits the waiving of the change fee when a course section has closed and later reopened. The University reserves the right to cancel courses or sections or to combine sections.

Withdrawal Procedures

Students may withdraw from the University by contacting the appropriate University official. ID's must be turned in to be invalidated.

- (1) Undergraduate Students—the Center for Student Development, Room 120, Scates Hall
- (2) Evening/Saturday Students—the Dean, Evening Academic Services, Room 165, Administration Building
- (3) Graduate Students—the Dean of the Graduate Studies, Room 315, Administration Building

Time limits for withdrawals are stated in the Semester Calendar.

Change of College or Major

Undergraduate students in the Colleges of Arts and Sciences, Business Administration, Communication and Fine Arts, Education, Engineering, and the University College may change their college or major by completing an application at the designated office of the college for the new major. These offices are as follows:

Arts & Sciences
Dean's Office — MI 219
Business Administration
College Adviser — BO 426B
Communication & Fine Arts
Dean's Office — MJ 300
Education
College Adviser — ED 211
Engineering
College Adviser — EN 259
University College
Dean's Office — JN G-1

Graduate students may change their major by making application in the Office of the Dean of Graduate Studies, Administration Building, Room 315.

Change of Adviser

Students may change adviser by making application to the college in which they are currently enrolled. After being assigned an adviser, the student should come immediately to the Records Office.

Change of Name, Address, or Social Security Number

It is imperative that the student keep his/her name and address current on University records. Opportunity for changing addresses is provided on the "Student Information Form" in the registration packet. In order to change social security number or name, the student must come to Room 119, Records Office, Administration Building. Students who move should leave a forwarding address with the post office so that all University mail will reach them at their new address.

IMPORTANT: All changes should be made early in the semester to insure their processing before the next semester.

GRADE REPORTS

A grade report showing the grade received, credit hours earned, and quality points earned, are mailed to the permanent address of each student at the end of the semester. The grade report will show cumulative hours attempted, hours earned, and grade point average.

Withholding of Grade Reports

The University is required by State law to withhold grade reports, transcripts, and diplomas from students who have outstanding financial obligations to the University. Previous semester grades which were withheld may be obtained (with the proper release card and identification) in the Packet Center or Late Registration Center, when these are open, and in the Records Office thereafter.

THE RECORDS OFFICE WILL NOT RELEASE ANY GRADE EXCEPT BY THE OFFICIAL COPY SENT BY MAIL. TO PROTECT THE CONFIDENTIAL NATURE OF THE STUDENT'S RECORD, NO GRADES WILL BE RELEASED BY TELEPHONE.

ACADEMIC STATUS AND RETENTION

Official notification of academic status is by means of the grade report processed to each student at the end of the regular semester. A complete statement of the policy regarding academic status and retention may be found in the University Bulletin.

TENTATIVE COURSE OFFERINGS FOR FALL 1980

Listed below are courses which are tentatively planned to be offered during the Fall, 1980. These offerings are based on a projected demand and are subject to change. This listing does not constitute a commitment that a course will be offered. Current plans may be altered by unforeseen circumstances. The Schedule of Classes should be consulted for those courses which have received final approval for offering.

PRIVACY RIGHTS OF PARENTS & STUDENTS

Annually, Memphis State University informs students of the Family Educational Rights and Privacy Act of 1974. This act, with which the institution intends to comply fully, was designed to protect the privacy of education records, to establish the right of students to inspect and review their education records, and to provide guidelines for the correction of inaccurate or misleading data through informal and formal hearings. Students also have the right to file complaints with The Family Educational Rights and Privacy Act Office (FERPA) concerning alleged failures by the institution to comply with the Act.

Local policy explains in detail the procedures to be used by the institution for compliance with the provisions of the Act. Copies of the policy can be found in the following offices: Associate Dean of Admissions and Records (Records); Dean of Admissions and Records; University Counsel. The offices mentioned also maintain a Directory of Records which lists all education records maintained on students by this institution.

Questions concerning the Family Education Rights and Privacy Act may be referred to the office of the Associate Dean of Admissions and Records (Records).

DIRECTORY INFORMATION

"Directory Information" is defined as: The student's name, address, telephone listing, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, the most recent previous education agency or institution attended by the student, the student's full or part-time status, and the student level. At the time a student registers for courses, the student may personally deliver to the Records Office, Room 115 (Attention: Records Counselor) a written request that directory information not be released. This notification is effective only for the semester for which the student is then registering. Such information will then be withheld if the request is received within 14 days after the beginning of classes.

Would you sign up for a lifetime course in applied Christianity?

Our course will take you deep into the Third World, to some of the most depressed and oppressed places on earth.

To God's Country.

As a Maryknoll Missioner, you can share the love of God with these, His people. You can bring them hope and peace and dignity.

You will practice some very practical Christianity, too. You might set up adult education classes, show a starving farmer how to improve his crop, or a struggling worker how to improve his lot. Most of all, you will share the Gospel of Jesus Christ.

You will learn and keep on learning the rest of your life. You will learn and share their language, of course. But also their culture, traditions and, yes, their religion. You will learn the quality of joy that can only come from doing unto others, because all the while you give yourself to their lives, they give meaning to yours.

Call: TOLL FREE (800) 431-2008 and ask for Father Harper.
New York State residents call: (914) 941-7590.

Please tell me more about a lifetime career as a Maryknoll Missioner. VDBC

Don't wait until a tough assignment takes you back to the hassle of pencil-and-paper arithmetic...

TI-55
New low price!
\$40.00*

Slimline
TI-50™
With Constant
Memory™
feature.

Buy a powerful TI slide rule. For today...and tomorrow.

The key to buying the right calculator for college math is choosing one with all the power you need to handle the unexpected challenges—as well as the routine. These Texas Instruments slide rules provide both the power and the reliability you'll need to get through college and on into a career. Yet they're priced within a student's budget. That's the kind of value that has made the TI-55 and the *Slimline* TI-50™ so popular.

For help in making quantitative decisions, the TI-55 includes the *Calculator Decision-Making Sourcebook*. This step-by-step guide, a \$5.00 value, shows you how to put the power of statistics, financial math and programmability to work... whatever your major... with 140 pages of easy to understand, real-world applications. Topics include analyzing relationships in data, verifying quality and performance, measuring change, forecasting trends and projecting returns. Its pages contain the basic keys to better decision-making you can use now and in the future.

The TI-55 and book with owner's manual, carrying case and ac adapter/battery charger are now available at a new, lower price. Only \$40.00*.

The *Slimline* TI-50 packs 60 powerful functions into a handsome, compact package.

The pocket-portable *Slimline* TI-50 is a remarkably powerful liquid crystal display (LCD) calculator, yet it's as thin as a pencil and weighs only three ounces!

Its sixty versatile functions can help you handle a wide range of college math problems. Capabilities include common and natural logarithms. Six trigonometric operations that can be performed in three angular modes (degrees, radians or grads). Two constant memories that retain their contents *even when the calculator is turned off*. And more.

Seven built-in statistical functions simplify the task of boiling down large sets of data points so you can perform accurate analyses and draw reliable conclusions.

The power of the *Slimline* TI-50 is made easy to use by TI's AOS™ algebraic operating system, which provides 15 sets of parentheses and accepts up to four pending operations. That means you can enter most problems just as they're written, left to right.

Two miniature batteries provide up to two years of normal operation. And TI's APD™ automatic power down feature helps prevent accidental battery drain.

The *Slimline* TI-50 includes a detailed owner's manual and a durable vinyl wallet, still only \$40.00*.

Be sure you have all the capability you need in a slide-rule calculator. See the TI-55 and the *Slimline* TI-50 at your college bookstore or other TI dealer today.

The TI-55. Power to handle the math and statistics you'll encounter in upper level and graduate courses.

The versatile TI-55 calculating system puts professional capabilities within reach of a student's budget. It provides the features needed to handle almost any mathematical operation, from logarithms and trigonometry to advanced statistical problems.

Thirty-two steps of programmability add impressive speed and accuracy to performing repetitive calculations and "what-if" analyses. Just teach the TI-55 a series of operations and key in the variables. The calculator does the work... automatically!

**The MBA™
financial
calculator.**

**Slimline
Business
Analyst-II™
calculator.**

Choosing a powerful TI business/financial calculator could be one of your best decisions this semester.

Success in business comes from analyzing alternatives and making good decisions. Texas Instruments designed The MBA™ and the Slimline Business Analyst-II™ calculators to help professionals find fast, accurate answers to many of the same tough problems you're studying now... in finance, marketing, accounting, investments and statistics. Isn't that a great reason for buying one now?

The MBA. Preprogrammed financial and statistical functions, programmability and step-by-step applications guide.

The MBA is designed specifically for financial applications. It's the most powerful handheld calculator in its class!

*Preprogrammed functions make it easy to solve even complex financial problems at the touch of a few keys. The MBA computes net present value and internal rate of return for up to 12 variable cash flows. Solves the vast majority of time-value-of-money problems with keys for payment, present value, future value, number of periods and periodic interest rate. And calculates days between

dates and direct solution of yield for bonds or mortgages.

Built-in statistical functions provide the power required for data analysis and forecasting. And 32 steps of programmability add speed and accuracy to performing repetitive calculations. (Just change the variables in a program and you can see the result of a new alternative in seconds!)

Calculator Analysis for Business and Finance, a \$7.95 value, is a 288-page guidebook included with The MBA that shows you how to analyze many business situations using proven techniques. More than 100 real-world examples are described step-by-step.

The MBA calculator and book with owner's manual, carrying case and adapter/battery charger, \$70.00*.

Slimline Business Analyst-II. Sleek LCD calculator with versatile business capabilities.

Solving financial problems with the Slimline Business Analyst-II can make working with your old calculator seem like pencil-and-paper arithmetic. The functions required to perform many

common business, financial and statistical calculations are built in to help you make quick, accurate evaluations of many complex business situations.

Special financial keys are used to handle time and money problems such as compound interest, annuity payments, mortgage loans, investment yields, amortization schedules and more.

Statistical and linear regression capabilities provide the power you'll need to boil down data and automatically handle problems such as sales and earnings forecasts.

Profit margin calculations concerning cost, selling price and margin can be performed rapidly when any two of the variables are known. Other features include a four-function data register with Constant Memory™ feature that retains its contents even when the calculator is turned off. Two miniature batteries provide up to two years of operation in normal use. And TI's APD™ automatic power down feature helps prevent accidental battery drain.

The Business Analyst-II, with detailed owner's manual and suede-look vinyl wallet, \$45.00*.

You can start making good business decisions this semester. See The MBA and the Slimline Business Analyst-II at your college bookstore or other TI dealer today.

Texas Instruments technology—bringing affordable electronics to your fingertips.

OH
WHAT
A
FEELING

TOYOTA

THE ALL-NEW TOYOTA COROLLA
SR-5 Sport Coupe. More space,
aerodynamic styling plus futuristic
features put this 1980 Corolla into
a whole new orbit.

Notice the instrument panel.
Its symmetry, beauty and precision
are examples of the new Corolla's
advanced styling.

And space is an integral part of
that style. Wide open spaces offer
more comfort for leggy drivers and a

backseat for leggy passengers.
There's even more space to check
your baggage!

To help you take off, there's a
larger 1.8 liter engine, aided by the
new, sleek, aerodynamic shape
which reduces air drag resistance
up to 9%.

Given this space-like styling
and handling, you'd expect these
new Corollas such as an eight-
track tape deck and power steering!

SELECTED BY THE U.S. OLYMPIC
COMMITTEE

Each of the 12 new Corolla
models is definitely out of this world.
Yet they're still Toyotas, with all four
wheels placed firmly on the ground
—when it comes to reliability, a lot
of standard features, and total
economy.

The new Toyota Corollas.
Space has never been so beautiful.
Or so accessible.

"And what a great way to get the music you want most!"

Slick Clark

To join the Club and get 13 tapes or records mail the application, with your check or money order for \$1.86 as payment (that's 1¢ for your first 13 selections, plus \$1.85 for shipping and handling). In exchange, you agree to buy 9 more tapes or records (at regular Club prices) in the next three years.

How the Club operates: every four weeks (13 times a year) you'll receive the Club's music magazine, which describes the Selection of the Month for each musical interest... plus hundreds of alternates from every field of music. In addition, up to six times a year you may receive offers of Special Selections, usually at a discount off regular Club prices, for a total of up to 19 buying opportunities.

If you wish to receive the Selection of the Month or the Special Selection, you need do nothing—it will be shipped automatically.

If you prefer an alternate selection, or none at all, fill in the response card always provided and mail it by the date specified.

You will always have at least 10 days in which to make your decision. If you ever receive any Selection without having had 10 days in which to decide, you may return it at our expense.

You'll also have an opportunity to examine the Club's comprehensive annual—"The Year in Music"—filled with stories and photographs of the year's top stars & events. When it's ready, we'll ship it automatically, and you can read it and live with it for 15 days' FREE examination and you have no obligation to buy. The tapes and records you order during your membership will be mailed and billed at regular Club prices, which currently are \$7.98 or \$8.98—plus shipping and handling. (Multiple unit sets and Double Selections may be somewhat higher.)

After completing your enrollment agreement, you may cancel your membership at any time. If you decide to continue, you'll be eligible for our generous, money-saving bonus plan. And if you are not satisfied for any reason, just return your introductory shipment within 10 days for a prompt and full refund. Your membership will be cancelled and you will owe nothing.

The Dashboard Wizard™. Before, there was only car stereo.

Put aside everything you've been told about car stereo. The Dashboard Wizard is with us! An in-dash preamp combination system that will transform your car.

His precise digital electronic tuner memorizes your favorite 7 AM and 7 FM stations, searches up, searches down and scans, and even tells you the time.

Hit the equalization switch and presto, the auto-reverse cassette deck accommodates chrome and metal tapes. With a Life Time Metal (LTM) playback head that's built to last well into the future. His five-

band graphic equalizer lets you match the music to the acoustics of your car.

Performance? Miraculous, of course. And with Dolby* on both FM and tape, hiss has definitely become a thing of the past.

Hear the Dashboard Wizard at your Fujitsu Ten dealer. Any resemblance to ordinary car stereo is a figment of your imagination.

For a free Dashboard Wizard T-Shirt Transfer, write to Fujitsu Ten Corp. of America, 19281 Pacific Gateway Drive, Torrance, CA 90502.

(01) A THEMATIC STUDIES COURSE. SEE ADDENDA SECTION FOR COURSE DESCRIPTION. UNIV 1005, 4110, 4380 and 4996, ARE OPEN TO STUDENTS ENROLLED IN UNIVERSITY COLLEGE. LEARNING CONTRACTS FOR THESE COURSES MUST BE APPROVED BY THE DEAN BEFORE ENROLLMENT.

EARN UP TO \$800 A MONTH RIGHT THROUGH YOUR SENIOR YEAR.

If you're a junior or senior majoring in sciences like math, physics or engineering, the Navy has a program you should know about.

It's called the Nuclear Propulsion Officer Candidate-Collegiate Program (NUPOC-C for short) and if you qualify, you can earn as much as \$800 a month right through your senior year. Then after 16 weeks of Officer Candidate School, you'll get an additional year of advanced technical education. This would cost thousands in a civilian school, but in the Navy, we pay you.

It isn't easy. There are fewer than 400 openings and only one of every six applicants will be selected. But if you make it, you'll have unequaled hands-on

responsibility, a salary of more than \$25,000 in four years, and gilt-edged qualifications for jobs both in the Navy and out.

Ask your placement officer to set up an interview with a Navy representative when he visits the campus, or contact your Navy representative at 800-841-8000, or send in the coupon. The NUPOC-C Program. Not only can it help you complete college. It can be the start of an exciting career.

UNIV 1005, 4110, 4380 AND 4996, ARE OPEN TO STUDENTS ENROLLED IN UNIVERSITY COLLEGE. LEARNING CONTRACTS FOR THESE COURSES MUST BE APPROVED BY THE DEAN BEFORE ENROLLMENT.					

TI calculators are helping solve Olympic scoring problems.

Get a problem solver that's solving problems in the real world.

The more your courses approach the problems of the real world, the more you need a calculator that's already there.

These two programmable calculators from Texas Instruments can take you from your engineering courses right into the ranks of professionals like the ones who created the complex programs to simplify and speed up scoring at the Winter Olympics.

The TI-Programmable 58C lets you spend your time learning concepts instead of working problems. \$130*.

Perhaps your current calculator can solve advanced engineering problems, but you'll probably spend a lot of time doing it. With the TI-58C's 480 program steps or up to 60 memories, plus 170 keyboard functions and operations, you'll be amazed at just how much of the work the TI-58C will do for you.

The TI-58C has a Constant Memory™ feature that lets you lock a program in the machine — even when it's turned off. You can program the calculator as you learn in class and use it later to review the concept and work the problems. You can store results or data in the calculator, even if you turn it off, for later use.

The TI-58C will seem like more than a calculator — its computer-like capabilities let you design your own programs or use Texas Instruments' unique plug-in Solid State Software™ modules with ready-to-

use programs. A Master Library module (included with the calculator) has 25 basic programs in math, statistics, and other areas of general interest. Twelve optional library modules include programs on applied statistics, advanced mathematical routines, electrical engineering, business decisions, and much more.

With all of its capabilities and functions the TI-58C is simple to operate using TI's AOS™ algebraic operating system. The AOS entry system lets you enter problems the way they are written — from left to right — and handles up to 9 levels of parentheses in accordance with the rules of algebraic hierarchy.

With the TI-58C you'll also get a copy of *Personal Programming*, an owner's manual that'll help get you started in programming — even if you've never programmed before. **The TI Programmable 59 goes from engineering to the Winter Olympics. \$300*.**

The reason the Winter Olympics chose the TI-59 for verifying scoring results at many events is the same reason it can help you get all you can from your courses — versatility.

Up to 960 program steps or up to 100 memories plus 4 types of display testing, 10 user flags, 72 labels, and 6 levels of subroutines let the power of programming help you make short work of complex problems.

Even with all the 175 keyboard functions and operations at your command, the TI-59 responds to simple AOS algebraic entry system control. So the calculator becomes part of the solution — not part of the problem.

The TI-59 uses Texas Instruments Solid State Software modules and comes with the Master Library module. You also get the added versatility and capability of magnetic cards to record your own programs. With them you can also tie into programs on modules for extended programming routines.

You'll get a copy of *Personal Programming* with your new TI-59 that'll help you get all the power we put into it. And the book can start you programming even if you've never tried it before.

If you're starting on the way to a career in engineering get a calculator that'll help you get there. And get one that'll continue to serve you well on the job.

See the whole line of advanced Texas Instruments calculators at your college bookstore or at other TI dealers everywhere.

*U.S. suggested retail price.

ADDENDA TO THE CATALOGS

GRADUATE AND UNDERGRADUATE ISSUE 1980-1981
 MEMPHIS, TENNESSEE APRIL, 1980

Memphis State University offers equal educational opportunity to all persons without regard to race, religion, sex, creed, color, national origin, or handicap. The University does not discriminate on these bases in the recruitment and admission of students, the recruitment and employment of faculty and staff, and the operation of any of its programs and activities, as specified by federal laws and regulations. The designated coordinator for University compliance with Section 504 of the Rehabilitation Act of 1973 is the Vice President for Student Educational Services.

The following courses were approved for inclusion in the offerings of the University after 1980-81 Catalog issue of the University Bulletin had been sent to the printer. Their publication here constitutes the official announcement of their addition to the University curriculum.

UNIVERSITY 3506. Pastoral in Literature and Fine Arts. (6)

This course surveys the relationship between man and nature as reflected in pastoral literature and music and landscape art from classical times to the present. Central to the course will be an examination of technology's influence on man's artistic conception of himself, society, and nature. Analysis of landscape art and the pastoral theme in literature, painting, and music from Theocritus through modern "Westerns" will be essential since it is primarily through such forms that man has visualized his relation to the world.

UNIVERSITY 3509. Connections: Technology and Change. (6)

This course will investigate the development of technology through time and analyze the connection or interrelationship between this advance and general cultural change.

UNIVERSITY HONORS PROGRAM 4100-4199. Senior Honors Seminar I. (3)

Interdisciplinary seminar on a somewhat narrower theme or topic than the ones used in the junior honors colloquia. Specific course descriptions will appear each semester in the "Addenda" section of the Schedule of Classes. Prerequisite: Senior standing and permission of the Director of the University Honors Program.

UNIVERSITY HONORS PROGRAM 4101. Senior Honors Seminar I. (3)

European Spring Odyssey. Visits to selected European countries to study the historical and cultural background and current life style. With the aid of the instructor, each student must choose a topic related to some aspect of the trip and write an extensive report after the trip is completed.

TURN A WEEKEND A MONTH AND TWO SUMMERS INTO \$6,000 FOR COLLEGE.

Unlike many part-time jobs, ours fits into your schedule conveniently and is less likely to hurt your grades.

Because you only spend 16 hours a month with us during the school year, and it's usually on a weekend. The rest of your training is during the summer.

VALUABLE TRAINING.

Instead of the usual boring, dead-end part-time job, we give you a chance to do something challenging.

At the same time, you'll learn a valuable job skill. Like Surveying. Auto Mechanics. Or one of many other career specialties, depending on your qualifications and your

local unit's needs.

\$2,000 JUST FOR ENLISTING.

The first \$2,000 of the \$6,000 we mentioned is the college aid that many units still offer high school graduates as an enlistment incentive. It's paid in yearly installments of \$500 so you'll stay in college. (Not all units offer the college aid, so check with your recruiter.)

You can make another \$2,200 from the monthly training sessions.

The remaining \$2,000-plus comes from summer training which pays you over \$448 a month. This includes seven weeks of Initial Entry Training one summer, two-

to-four months of job skill training the following summer, and yearly two-week training sessions.

The summer training usually gives you a chance to get out of town for a while.

PLUS THE BENEFIT OF STAYING HOME.

Remember, this is the Army Reserve you're joining, not the Army. So, with the exception of summer training, you'll be serving at your local Reserve Center.

For more information, call your local Army Recruiter listed in the Yellow Pages under "Recruiting." Or, to locate the Recruiter nearest you, call 800-431-1234 toll free. In N.Y., 800-942-1990.

MEET TODAY'S ARMY RESERVE.

Introducing the Bose® 550 Receiver.

The new, moderately priced Bose® Model 550 AM/FM Stereo Receiver brings you Bose® technology and research wrapped up in an affordable, innovative package. It includes a direct-coupled amplifier that delivers a solid 40 watts of RMS power per channel—enough to drive almost any loudspeaker. It has an excellent AM/FM tuner section for clear, clean reception. And exclusive Bose® Source and Room Compensation Controls let you adjust for recording characteristics and for room acoustics. These controls make it easy for you to remove mid-range boominess *without* losing your deep bass. Try that with a conventional receiver!

The Bose® 550 Receiver is designed to drive any speakers that suit your taste and budget. And it contains a unique feature you'll really

appreciate when you upgrade your system. More and more customers tell us their first loudspeakers are interim units and that one day they hope to invest in a Bose® 901® Series IV Direct/Reflecting® Loudspeaker System. Ownership of the 550 Receiver brings that day much closer, because the receiver has a built-in 901® Active Equalizer that gives you a significant savings when you purchase 901® speakers.

With or without Bose® speakers, we believe you won't find a receiver that gives you better engineering, better design and better sound for the money. For more information about this fine new Bose® Model 550 AM/FM Stereo Receiver, see your nearest authorized Bose dealer. Or write: Bose Corporation, Dept. DC, 100 The Mountain Road, Framingham, MA 01701.

Economics 1A.

Mid-terms to finals on one tank. The 1980 Honda Express* is the sporty little motorbike that can make your gas money go a long way—up to 100 mpg*.

And it's so easy to ride, it's perfect for beginners. The transmission is automatic so there's no clutch lever, no pedals and no gears to shift.

Upkeep is way down.

The Express rarely needs servicing. That's because its rugged, reliable 49 cc

Honda engine is built by the people famous for engine innovations.

It's completely street legal, too. With dual mirrors, automatic-on head and taillights, turn signals and front and rear drum brakes.

Leave later, park closer. Besides fitting into the smallest budgets, the Express fits into the smallest parking places. And it can go most anywhere on campus a bicycle can.

There are more

than 1,700 Honda dealers throughout the United States who can teach you more about the economics of owning a Honda Express. And when you're there, don't forget to ask how much fun they are.
